

Issue 03

March 2016

McAlee & Rushe

Stansted Airport Hotel

Stansted Hotel Bassingbourn Road Stansted Airport CM24 1QW

New Construction works have commenced for Urban & Civic, a new Hampton by Hilton Hotel

Main Contractor :

Urban & Civic

Construction Period:

23.11.15—28.06.17

Works included:

The project consists of the development of a hotel comprising 8,159 m² of accommodation space (357 bedrooms) and associated parking vehicle access, and landscaping.

What's Planned

This Project is now Registered with the Considerate Constructors Scheme. We aim to keep you updated with what is happening and when, so as to have as little as possible impact on our neighbours.

Works have been progressing well since the last

Newsletter. At present the Piling works are well underway with a completion date target of 29th March for this. Tower crane bases have been poured and the cranes are due on site for erection starting 22nd March for the 1st crane and 29th March for the

2nd crane. Our material deliveries and waste removal continue via the site entrance on Bassingbourn Road.

We continue to manage our carbon footprint in relation to our Site Waste Management Plan where waste is site segregated.
